Mulligans Commission Meeting Notes • 3/19/15

In response to a request for a 'centralized mailbox' for the convenience of our residents and other interested individuals, we received the following accommodation from our South Jordan IT and city management -

From: Jon Day
Sent: Wednesday, March 18, 2015 12:45 PM
To: Mark Seethaler
Cc: Gary Whatcott; Paul Cunningham
Subject: RE: Group email box ... please advise
Mr. Seethaler

We have come up with an email solution that I think will work for the commission and still meet our security requirements. I have set up a Mulligans Commission mail box (mulliganscommission@sjc.utah.gov) that will be posted on the web site. Emails being sent to the commission will automatically forward to your city email account. You will see these emails in your inbox addressed "To: Mulligans Commission" This should help separate your email that at sent directly to you not relating to the commission.

You will be able to forward the commission emails by clicking on Forward then address To: MCGroup the directory will send the email to the other six members of the group

We have assigned a city email to Deanna Kaufman and Max Shoura so everything will stay within our email system to maintain security. Their email address are.

Mrs. Kaufman
dkaufman@sjc.utah.gov
Mr. Shoura
mshoura@sjc.utah.gov

Everything is set up and ready to go. If you or any members of the commission have questions or concerns, please feel free to contact me.
Hope this is helpful.
Jon Day
